Measures to accomplish this may include, but not be limited to, the following:

1. Sharp limitations on all forms of contributions to candidates, including soft money contributions (contributions to political parties);
2. Maximum spending limits per election linked to geographic and demographic makeup of each state and district, such as $1.00 per voter;
3. Sharp limitations on all forms of spending to influence elections, including independent expenditures;
4. Sharp limitations on contributions to and spending by political action committees; and
5. Remedies, such as free broadcast time, postal subsidies and democratic (public) financing to balance inequities between credible candidates, incumbent and challenger, rich and poor. (Submitted by Petition)

Article 28, was presented by Dawn Archbacher, a petitioner , and she asked that the motion be accepted as read. The motion was seconded.

After some discussion a motion to move the question was made and seconded . The motion to move the question passed.

The main motion then was defeated by voice vote.

ARTICLE 29: Do you approve of having two sessions for the annual Town Meeting in this town, the first session for choice of officers elected by official ballot and other action required to be inserted in said official ballot and the second session on a date set by the Selectmen, for the transaction of other business? (Submitted by Petition)

Article 29 was presented by Mrs. Nottingham , a petitioner, was seconded. Mr. Tower reminded us that this would only advise the selectmen to put this article on the warrant next year to be voted on by the people. After some dicussion Ken Little made a motion to move the question, seconded, and passed.

The original motion passed by voice vote.

Scott C. Douglas congratulated those people who voted during the day and stayed for both sessions of the town meeting.

ARTICLE 31: To take up any other matter that may properly come before this meeting.

Mr. Tower then asked if there were any further matters and there being none he made a motion to dissolve the meeting. Motion to dissolve was seconded and passed.

The meeting closed at 9:00 p.m.

REPORT OF THE SELECTMEN

It has been another busy year for the Board of Selectmen and the Town Office personnel. While we all feel a sense of accomplishment for the projects completed this year, we know that we still have much to do to keep ahead of the growing needs of our town. Several of the projects started in 1995 were finished this year and other new projects were added to the busy schedule, to be completed during this spring.

We moved into our newly renovated and expanded town offices shortly before Town Meeting. West Rindge Builders went well beyond the scope of contractual obligation to assure us a fine new facility. We thank the former Selectmen who worked so hard to bring this welcome addition about, our dedicated town employees, and everyone who contributed to the success of this project. We have a new town facility, second to none in the area, because of your hard work!

One of the most important undertakings for 1996 was a town management study mandated and funded by Town Meeting of 1995. This Board contracted with Municipal Resources, Inc., a municipal government consulting firm, to provide a comprehensive study of our town government and services. This study consisted of interviews conducted with a cross section of the citizens of our town, with all of our town departments, and some of our employees, elected boards and town officials. While it is virtually impossible to obtain all of the answers to the broad scope of questions and problems that arise in the operation of a town, in light of time and financial restraints, the Selectmen were extremely pleased with the comprehensive report. We encourage all of the townspeople to read this report and to become more familiar with the inner workings of your town government. With this information we can all work together to better manage our town. The recommendations in this report will assist us for many years to come.

The Payson Hill water project was completed this year by Vandyke Construction. Fresh, clean water is now being enjoyed by those households affected for so many years by pollution. If the State of New Hampshire would have accepted its share of responsibility in this matter, the financial burden to the town would have been far less and more equitable. The town is to be commended for stepping in and taking care of its citizens in a responsible manner.

The winter of 1995-96 was a snowy burden on our Highway Department; equipment and personnel. This Board is particularly indebted to Robb Anderson, who filled the position of interim Highway Agent through one of the worst winters in recent history. Well done, Robb! The whole town thanks you.

Bruce Berry was hired to fill the Highway Agent's position in June. The interviewing and hiring process took up some of the early building season, bringing about a late start on the highway improvement program. It quickly became apparent that our plans to rebuild Mountain Road and Drag Hill were overly ambitious, particularly for a shortened season. Bruce and the entire highway crew did well to complete Mountain Road and they got a good start on Drag Hill before the weather closed in on us. Welcome to Rindge, Bruce. You have taken on one of the biggest responsibilities in our town. With the help of our fine highway crew, we have every confidence in your ability to do an excellent job.

Relocation to Main brought about the resignation of Robert Hughgill from this board. Bob is a native son of Rindge and his leaving is a disappointment to us all. Bob served Rindge well during his tenure. His outspoken, frank, fairness was an asset to this Board and to the town. He will be missed, not only in the Town Office, but in the town as well. We wish him well in his new home and new life.

H. Benson Walen, a write-in candidate for Selectman at last year's election, was appointed to the seat vacated by Bob Hughgill. Ben brings to this position, many years of experience in various government, private and social agencies. While the first year on the Board of Selectmen can be somewhat daunting, Ben has made his presence felt in a very positive way, providing a good balance to this Board. Thank you, Ben, for stepping forward, and doing this for us all.

There are always significant items, contributions and courtesies that we, as Selectmen and as your official representatives, may inadvertently overlook. One such item, this year, was the contribution of time, money, materials and labor that went into the relocation of the World War II plaque, from within the Rindge Memorial School to the monument stone outside of the school. We gratefully acknowledge West Rindge Builders, Bill and Maryanne Harper, Bob Vandyke, Silver Ranch and the Sawyer family, Sue Stenerson, the Rindge Highway Department, Tilcon Corporation and all who contributed so much to honor our Veterans of World War II. We apologize for our oversight, and trust that the gratification of seeing this beautiful monument stand for years to come will somehow compensate for our human frailty.

To all of our citizens, town employees, committee members, and elected officials, thank you for your hard work, your support and advice, and your responsible stewardship of your respected positions. Thanks to you, it has been a very good year for Rindge.

On a personal note, I am grateful to Scott Douglas and Robert Hughgill for appointing me to fill a vacancy on this Board, in 1995, and to the townspeople for electing me to this position in 1996. You have honored me with your trust, your support, and your confidence in my abilities; an honor and an awesome responsibility of democracy that too few of us get to experience. It will always be precious to me.

REPORT OF THE BUDGET ADVISORY COMMITTEE

During the past year, the Budget Advisory Committee met with Selectmen several times to review expenditures and to develop the 1997 budget proposal. One Selectman has met with us throughout the year, and his presence has furthered communications between the two groups.

The most important issue facing voters this year will be the acceptance of the need to contract the services of an individual or a firm to act as Town Administrator. At our last town meeting voters approved the funding to conduct a study of our town government. The money for this survey was well spent. Municipal Resources, Inc. has produced a valuable, informative report. The recommendation for the need of a change in the town's day-to-day management should come as no surprise. The basis of this recommendation comes after a comprehensive review of all town departments, with recommendations given for each.

The BAC unanimously recommends the approval of Article 9, requesting the funding for a Town Administrator, and encourages, you the voter, to give your support to the Board of Selectmen to move forward with the MRI recommendation.

The 1997 town budget, without warrant articles, is $1,919,378.00, a 4.9% increase. We do not know at this time what impact the County budget will have. As there are several new items being added to the operational budget, including the cost of a new cruiser, which will no longer be a warrant article request, in addition to several full time positions, the BAC has requested that the Selectmen present the impact of these budget additions to the voters.

One particular addition to the operational budget is the creation of a full time position split between the Building Fire & Safety Inspector Department and the Fire Department. It is the BAC's understanding that this position will be referred to as a clerical / EMT position. In reviewing the Fire Department budget, the majority of the BAC agreed to the adding of some measure of part time staffing to help fill the shortage of available emergency service during the weekday hours. We understand the majority of emergency calls during the weekday hours relate to medical services, therefore the part time employee should be a qualified EMT.

The BAC believes this is a temporary solution to a much greater need. The townspeople of Rindge must understand that we are going to be facing a crossroads in how the Fire Department will be operating in the near future. Whether or not we have the aid of a

Town Administrator to guide us, the time has come to take a serious look at the workings of our Fire Department and the safety needs of our town. Unless we are able to have an
increase in qualified volunteers, we will soon see full time positions, such as the one being proposed, added to the operating cost of the town.

The BAC supports most warrant articles, although not unanimously. In reference to the large requests, we offer the following:

Article 11: concerns the establishment of a Capital Reserve Fund for Recreational Facilities. The recreational programs for children at Wellington Field are having a difficult time keeping pace with the demand. A few years ago a plan was developed for the expansion at Wellington and the Recreation Department would like to start putting aside funds that will be needed in order to implement those plans. This request is to start the fund with an initial $10,000.00 appropriation. The BAC is split on this request.

Article 12: concerns the withdrawal from Capital Reserve of an amount not to exceed $75,000.00 to purchase the DeBold property, which will provide the town with the unique opportunity for future library expansion. The additional $25,000.00 request is a continuation of the library remodeling process. Currently, the Capital Reserve Fund for the remodeling of the library contains $133,545.82.

Article 13: concerns raising and appropriating $100,000.00 to be placed in the Library Remodeling Capital Reserve Fund allowing the fund to remain at the current level.

The majority of the BAC supports articles 12 and 13.

The BAC is pleased that the Capital Improvement Plan continues to be used to help develop long range planning, but it should be annually updated to insure current needs. At present, the data is incorporated on a private computer, but in order to perpetuate its vital statistics, we feel that the information should be transferred into the town computers. At no time should town information be stored outside of the towns own computer system.

Each year finds the BAC looking for a more streamlined process in gathering information for the budget preparation. Given that it is a yearly event, Department Heads should begin their preparation as one fiscal period ends and another begins. The eleventh hour changes are frustrating and cause many unnecessary hours for those involved.

Also apparent again this year is that research is needed into the full usage of our computer system and program capabilities. It is unclear if the information is unavailable, if additional staff training is needed to use the system to its fullest capacity and capability or if we have the appropriate software to conduct the town's business.

Once again, a member of the BAC also served on the Jaffrey/Rindge School Budget Advisory Committee. The overall school district budget, including salary increases, shows an increase of 99%. The BAC encourages every Rindge taxpayer to attend the School District meeting on Saturday, March 8, 1997, 9 A.M., at Conant High School, Pratt Auditorium in Jaffrey.

In summary, although we cannot give you the exact amount of what the increase will be on the tax rate, the above information shows a 5.89% increase in the budgets. Your attendance and involvement in town meeting is important.

INDEPENDENT AUDITOR'S REPORT

January 26, 1996

Board of Selectmen
Town of Rindge
Rindge, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Rindge, New Hampshire, as of December 31, 1995 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Rindge, New Hampshire, as of December 31, 1995 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Rindge, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

REPORT OF THE PLANNING BOARD

The Planning Board held 18 meetings in 1996. During those meetings 16 new building lots were created, 5 Technical Subdivision were approved, 1 Excavation Permit was issued and 7 Minor Site Plan Reviews were conducted. The site work for the new Shop & Save supermarket began this fall in anticipation of construction for the Spring of 1997 and Market Basket completed their expansion. Franklin Pierce College constructed their air dome and converted storage space in the Field House into a "Theater and Dance studio. Relatively speaking it was a quiet year for subdivisions and commercial development.

The Planning Board has adopted a "Driveway Access Regulation" requiring certain standards for access to Town roads. Applicants will no longer submit applications for driveways to the Board of Selectmen. As required by RSA 236:13 V, the Planning Board will be responsible for issuing permits after a recommendation by the Road Agent.

According to the report of Municipal Resources Inc., the Board should concentrate more on planning instead of the time it spends regulating. Since State Statutes dictates what duties the Board is responsible for it would be impossible to delegate much of what requires Board participation. Over the past few years it has been difficult to find individuals who are willing to serve on the Board donating their time and energy to attending meetings to deal with applications submitted to them for development. It is even more difficult for members to find the additional time to join committees designed to review planning tools, such as the Master Plan and Capital Improvement Plan.

The Board has long recognized this need and will attempt to hold additional work meetings specifically to address planning issues and update our tools adopted in previous years. The Board has also moved to add hours to the Planning Board Assistants position in order to provide for the public's need planning assistance and the desire of the Board to have a set schedule for office hours. This should provide the Board with some consistent means of communication between the public, town and other individuals the Board works with during the course of a year.

The Board would like to thank and acknowledge the efforts of two individuals who are leaving or have left the Board as of this year. Doug Gilroy has been a steady force behind the Board for years and will be missed by all as he retires from the Planning Board in March. Dave Wilson is also retiring from the Board due to a new growing business . Dave brought much experience and extreme balance to the Board. Our thanks to both.

Thanks also to Scott Douglas and the Capital Improvement Plan Committee for their phenomenal effort on the initial CIP report provided to the Town. Scott gave hundreds of hours of his personal time to complete the report last year.

REPORT OF THE BOARD OF ADJUSTMENT

The Board of Adjustment is also called the Zoning Board of Appeals. It is a board of appointed town's people who are charged with determining whether property owners will be able to do something with their property that is not allowed by zoning (variance) or may be allowed with review (special exception). The Board of Adjustment usually meets on the second Tuesday of the month, but has held other meetings if necessary.

In 1996, the Board met 14 times. At one of these meetings, there was a joint meeting with the Planning Board. At two others, the town attorney was present to help the Board with legal questions. The Board granted four variances, three were to the Sign Ordinance. One request for a variance was denied. Five requests were granted by special exception to allow property owners to add onto the homes. A special exception was granted to fill in wetlands, after listening to the effect on the wetlands from the Conservation Commission. A special exception for a home business was granted and so was an appeal from an Administrative Decision. The Board did deny a granting of a building permit and one case was reheard with the conditions being redefined. An applicant withdrew his application.

All our members remained from last year. Norman May was elected Chairman in March and Redvers White was elected Vice Chairman.

REPORT OF THE RECREATION DEPARTMENT

In 1996 the Recreation Department completed several new projects. These included a scoreboard and a playground at Wellington Park. Both of these have brought about improvements to this park, bringing with them benefits for all ages for years to come.

In March of this past year, many community organizations and businesses joined together to sponsor the purchase of the new scoreboard that is now part of Wellington Field. This included the R.Y.A.A., CFX Bank, Jaffrey American Legion, Market Basket, P.O.O.R., and the R.A.M.S. On May 13th the Rindge Highway Department, the RAMS, and community members joined together to install this scoreboard, and on September 15th, everyone joined together to finish off this project.

On October 25th the Rindge Highway Department prepared the site for the new playground to be installed, and on October 27th the RAMS, POOR, Recreation Commission Members, and the community met to assemble this piece of new, safe, and very colorful equipment. The playground was originally part of the Capital Improvements Plan, but because the funds were donated by the RAMS, POOR, and the Rindge Women's Club, there will be no cost to the taxpayers for this project. The dedication ceremony for the playground and scoreboard was held on Saturday, November 2nd. Once again, thanks to all of you who belong to committees that funded the purchase of these improvements, and to all of you who helped with the installation, by donating your valuable time and energy!

Aside from these improvements, the Recreation Department has continued to offer the annual special events, and on-going programs for people of all ages. These include: The Easter Egg Eggstravaganza, the Summer Concert Series, Youth League Sports, Tennis Lessons, Golf Lessons, the Halloween Fun Night, Friday Fun Nights (for teens), Aerobics, Men's Basketball, Oil Painting Classes, Yoga Classes, Co-Ed Volleyball, Soccer Camp, Karate Classes, Ski lessons, vacation week activities, and the Breakfast with Santa. This year also included several new programs. These included a trip to the Boston Flower Show, Ballet, Tap & Jazz classes, Mommy & Me classes, Creative Dance classes, and an extended Day Camp program for children entering the K-5th grades.

1996 continued the relationship between this department and Franklin Pierce College. The FPC students have continued to be a great support to this department, by donating their time to work at the annual holiday events. This year the Town's Recreation and Highway Departments worked with Franklin Pierce's Maintenance Department to hang the lights on the Center Common. We are grateful for these cooperative relationships, and look forward to expanding on them in the future.

We look forward to seeing you supporting our programs in 1997, as you have in the past. As always, if you have a program, trip or event idea that you would like to see offered for the Town of Rindge, please do not hesitate to bring them to our attention.

REPORT OF THE HIGHWAY DEPARTMENT

Road reconstruction was done in the following areas:

Mountain Road - Removed stones from gravel base, replaced 12 existing culverts, recycled old base, added gravel, cleaned ditches, installed 1400 feet of underdrain, paved 2" of base and 1" of top, 5185 feet.

Thomas Road - (202 to Hunt Hill) Removed stones from gravel base, replaced 3 existing culverts, cleaned ditches, recycled old base, paved 2" of base and 1 " of top, 2216 feet.

Woodbound Road - Shimmed with hot asphalt base, covered with AC-10, spread a geotextile fabric, covered with 1 1/2" of hot top, 3355 feet.

Town Office Parking Lot - Put finish coat of top on the whole parking lot, 208 ton.

Drag Hill Road - This road has become a two year project. I want to thank those who live there, and use this road, for their patience. The trees were cut, telephone poles were moved, the road side was excavated for widening, 5 culverts were replaced, and 260' of underdrain has been installed.

104' X 12", 64' X 18" and 32' of 4' culvert pipe was installed on other roads.

Shaw Hill Road (3874') and Hunt Hill Road (4300') were both sand sealed. Due to problems with the paving the previous year, P.J. Keating Co. paid for the sealing oil.

College Road - 1000 gallons of crack sealing material was applied. This program will be expanded, and it should aid in keeping water out of the road base 6683'.

Fitzgerald Road and Rand Road were both cut back to the edge of the right-of-way. A crew of three spent a little over a month, cutting and chipping the brush. This program will continue until road side brush is small enough to be handled by the new mowing machine.

The new Ford tractor with its mowing machine was able to mow about half of the Town's roads. This is a slow process because of the size of the brush.

The new dump truck was delivered in September and is now in use.

Three items presented challenges for your Highway Department.

1. Driveway culverts - Most people do not realize that it is Town Policy that they are to be maintained by the home owner.
2. Road right-of-way - Some people seem to think the edge of the road is the edge of their property. That is seldom the case. The true records are buried between the town, the county, and the state. We will be working to find this information. A good rule of thumb is, if there are stone walls, the right-of-way is between them. If there are not any, most town roads are two rod wide roads (33').
3. Beaver - If beaver impacts town roads, I will be coming to see you to arrange their removal. Approximately $2,500 of your tax money was spent this year dealing with beaver.

Overall, our equipment is holding up quite well, however, it remains to be a challenge to keep some of our older equipment in a reliable state.

The recycling center is a place each and everyone of you can make a difference. Every item you recycle, is something you don't spend tax dollars on to haul away. We will work hard to find the best market for recyclables.

This years "Sidewalk Superintendent Award" goes to Lee LeFrancois for all his volunteer work at the recycling center. We had two employees leave the center for full time employment elsewhere, and Lee filled in working the compactor and tables while we were short handed. From the Department and the Town of Rindge, Thank you Lee.

The last six months have been quite an experience for me. I have been very pleased with the talent and dedication our Highway Employees have, it has made my job a lot easier. I wish to thank the citizens of Rindge and the other Town Departments for the working relationship I have enjoyed since I started here.

Bruce Berry

REPORT OF THE BUILDING & FIRE SAFETY INSPECTOR

In 1996 the Town of Rindge issued 125 building permits (17 new single family dwellings), 243 sub trade permits, and issued 76 occupancy permits. Total revenue from permits was $20,599.95. Rindge continues to remain a busy growing community.

Many large and small additions to existing homes consumed the majority of the permit totals.

The Market Basket addition, Shop and Save, and Franklin Pierce College continue to keep us very busy with commercial projects also.

In September of 1996, the State of New Hampshire adopted a new State Fire Code. This new code will affect a number of changes in requirements for all occupancies. Any code or ordinance requirements applicable in the Town of Rindge, may be viewed, or questions answered at the Building and Fire Safety Inspectors office.

I would like to thank the various local boards, and those individuals and corporations that I have had the pleasure of dealing with throughout the year, for their cooperation and support of the efforts of this department.

Thank you!

Scott R. Ellis

Before we begin, a question. Does anyone reading this think the years ahead are likely to be tranquil?

If so, quit reading or prepare to disagree. Experts tell us that we are moving into some of the most turbulent years in the history of this nation. The fact is that almost all the major systems on which our society depends--from the transportation system and the health system to the postal system and the education system--are in simultaneous crisis. This will put enormous new strains on our entire law enforcement and justice system. It will make law enforcement far more complex, dangerous, and different.

We all know that law enforcement is society's second line of defense. Crime, drug abuse, and sociopathic behavior generally are first held in check by social disapproval--by family, neighbors, and co-workers. It is when social disapproval fails that law enforcement must take over. and until the "social glue" is restored to society, we can expect more, not less, violence in the streets, more white-collar crime, more dysfunctional families, and more misery--and not just in the cities, but right here in our own community.

The "social glue" needed is found in the caring, commitment and involvement that we bring to our family, our neighbors, our community, and our Nation. Together, we can make a difference.

REPORT OF THE EMERGENCY MANAGEMENT DIRECTOR

The Emergency Operations Center has been established within the Town Office building. Now located there is a 4,000 watt emergency generator and a 60 watt low band radio.

I have completed 88 hours of formal training throughout the year related to various aspects of emergency management.

Two goals set last year which were not achieved:

1. Requirements of SARA Title III, "The Community's Right to Know Act".
2. The appointment of a Deputy Director for Emergency Management.

REPORT OF THE RALPH AND GERTRUDE WARD TRUST

Ralph and Gertrude Ward were great supporters of the Town of Rindge, but especially of the Congregational Church. When Ralph Ward died some ten years ago, he generously bequeathed the bulk of his estate to "defray the cost and expenses associated in maintaining and keeping the Church Meeting House Building in good repair and condition". At that time, the bequest was worth more than $200,000 and today it is worth approximately twice that amount. This translates into between $25,000 to $35,000 per annum in disposable income.

The three trustees of the trust, as written into the will, are Ralph Ward's executor, David Tower, and the current President of the Congregational Church's Trustees, plus the President of the Rindge Historical Society.

This year being the bicentennial of the Meeting House, the trustees have allocated approximately $30,000 of the disposable income for needed repairs and restoration to the structure, in keeping with the building's 200 year anniversary. This was done after consultation with the Selectmen.

The Town of Rindge is very fortunate to have had two people such as Ralph and Gertrude Ward who had the vision and foresight to provide for the care and protection of the Town's most historic structure. Not many other towns in New Hampshire have this luxury.

Respectfully submitted,

REPORT OF THE INGALLS MEMORIAL LIBRARY

The Building Committee and Building Fund Committee have been working hard all year. We had hoped for grant moneys through Southwest Regional Planning Commission, however, we were not among the lucky recipients. Some changes have been made to our first conceptual plans for the addition developed by Tennant & Wallace Architects of Manchester and these plans are abatable at the Library.

We thank the many people who have been faithful volunteers all year long. Some of the jobs that they perform are: work the circulation desk, photocopy, shelve books and do many other important small tasks that most people don't even see or think about. Those volunteers are: Rose Dark, Joan Bray, Eva Hornak, Norm May, Nancy Little, Flossie Hastings, Betsy Harper, Joan Williams, Marcy Anderson, Priscilla Leslie, Barbara Walsh, Margie Wetherbee, and Kathy Isakson. Having so many volunteers saves you tax dollars and makes our job alot easier. We enjoy working with all of them.

We have had some exciting things happening in the library this year. We have completed another step of computerization which includes a computer for the patrons to access all of our collections. Also, through the generosity of the "Friends of the Ingalls Library" we are most fortunate to have acquired a fax machine and also a color printer being used with our new patron access catalog that has "Internet" and CD-Rom technology. This has really been quite a good year!

INGALLS MEMORIAL LIBRARY
REPORT OF THE TRUSTEES

During 1996 much was accomplished at and on behalf of the library. The Building Committee worked very long and hard, along with our architect, to design an attractive yet modestly priced renovation that would meet our responsibilities for ADA compliance and our very urgent needs for more space, upgrading heating, electric and parking for the library. We are very pleased with the resulting plans which represent input and suggestions from many individuals in the community.

The planning of fund raising activities was begun with the assistance of a Building Fund Committee. Some small projects were begun in 1996 and this group will be initiating major fund raising activities in 1997.

On the technology front, the library purchased a new computer with is hooked up to the Internet and which has available CD-Rom capability. This will allow us to connect tooth World Wide Web and also allow us to begin a collection of CD-Rom based reference materials such as encyclopedia. These technologies will be available to the patrons of the library starting January 1997.

We would like to acknowledge the hard work and dedication of our committee members:

Building Committee	**Fund Raising Committee**
John Wheeler, Chairman	Norm Doucet
Steve Hornak	Dave DuVernay
Dick Isakson	Betsy Harper
Nancy Little	Mary Houten-Kemp
Lawrence Peabody	Gail Smith
Doug Gutteridge	Susan Wessels
	Diane Gardenour

During 1996, two long-time trustees stepped down. We would like to thank Bob Shepherd and Nanette Reckart for their many years of important contributions and devoted service to the library.

We look forward to another very exciting year in our renovation project and in our technology development.

REPORT OF THE HISTORY COMMITTEE

The Rindge History Committee has some projects that are ongoing each year. Linda Bussiere continues to bring history to the students in our area schools. The history of old houses is another project that she adds to continually.

The History Committee recently worked with Market Basket in obtaining some old pictures of Rindge which have been enlarged and will hang in their store located on Route 202.

We are also requesting that those Rindge residents who would like to share their Rindge experience with others, please write them down for us. Everyone remembers something others do not. Older family members may wish to share their story with younger members who may put it on the computer. in this way, we benefit from the written history and the younger members become the beneficiaries of their history. You may have experienced an event, a horrible blizzard, the hurricane of '38, a bad fire, an important day in history, a day in school and what it was like, all of these would be of great interest. Please do think about this, as everyone has a story, they need not be perfect, they can be handwritten, we are more interested in the remembrances. Many great stories have been lost, let us capture what we can now.

Since all members of the History Committee are members of the Rindge Historical Society, we work together on many things.

This year marks the 200th anniversary of the Meetinghouse, which was observed in January with special services. We are looking forward to renovations in the building this year. We did participate in the Steeple Chase, which followed the program at the Jaffrey Center Meeting House on Meetinghouses, Steeples, Clocks and Weathervanes. Our Meetinghouse was open for this event, as well as the Rindge Museum.

We are always interested in old pictures, letters, diaries, records, or anything else that was a part of Rindge history. We are also interested in volunteers, as we do have work to be done and new projects to anticipate.

REPORT OF THE CONSERVATION COMMISSION

The Rindge Conservation Commission (CC) monitors and protects the natural resources of Rindge. Its members review dredge & fill applications and make recommendations to the Rindge Board of Adjustment, Planning Board, Selectmen, and the N.H. Department of Environmental Services.

During 1996 the CC held eleven meetings, reviewed six new dredge & fill applications and reviewed ten other ongoing files as well. Our Commission conducted nineteen onsite reviews which included seven in response to citizen complaints. Of the complaints, three were deemed to be violations and the appropriate action was taken. Fourteen reports were filed, nine with the state and five with the various town boards. Two lots on Emerson Pond and Converse Meadow were proposed to the Selectmen for possible town acquisition and use for varied conservation, environmental and recreational uses. Further study and consideration of feasibility will be continued into 1997.

Members advised townspeople concerning wetland laws and permitting procedures, consulting with appropriate state agencies when clarification was needed. Two members also went to two separate conferences and reported back to the Commission.

The CC meets on the 4th Wednesday of each month at 7 PM at the Town Office Building. Interested public is invited and encouraged to attend and become involved with our efforts.

REPORT OF THE FIRE DEPARTMENT

Reporting period: 12/1/95-11/30/96

The Rindge Fire department in the reporting period responded to 226 emergency calls. These calls totaled 1404 individual member responses.

At the time of the writing of this report the department has 18 active members. Thirty to thirty five active members are needed to operate the department efficiently.

Of the 18 active members; eight are certified fire fighters, five are Emergency Medical Technicians (EMS), two are EMS only (not fire fighters), three are temporary (FPC) members, and two are driver only (not fire fighters).

Sufficient numbers and availability of qualified members during the day (6am to 6pm) is nearing a crisis level . These hours of the day during the week we are most vulnerable. Most of our volunteers are out of town working, unable to respond. The Volunteer system this Country has relied upon for so long is deteriorating rapidly. **Volunteer numbers and availability** are at an all time low; this is a National trend . "Bedroom" communities are feeling the crunch sooner and more severely than towns with industry and employers willing to let volunteers respond to calls when needed.

A breakdown of some of the types of calls, time of day, day of the week -- including some response percentages -- is as follows:

The department responded to 12 reported structure fires, and a total of 79 calls requiring a full department response.

The department also handled one hundred and forty six emergency medical services calls.

Of the 79 emergency calls dictating a full department response only 29% of the calls produced more than half of our members.

Of the 79 emergency calls dictating a full department response, 56 calls occurred during the week day, between the hours of 6am to 6pm. 12 of these fire calls produced only 1 certified Fire fighter, 18 calls produced only 2 , and 2 calls produced None.

Of the 146 emergency medical services calls, 66% of these calls occurred during the week day, between the hours of 6am to 6pm. Of these 146 EMS calls 13 produced only one EMT, 3 calls produced none .

This year the department participated in 988 man hours of paid training, and over 1700 additional hours of un-paid (volunteer) training. In addition, most of the department personnel achieved higher levels of certification; such as "Hazardous materials incident operations training", "Hazardous materials Decontamination Procedures", "Class A fire fighting foam procedures", and "Incident command system". This training was in addition to the maintenance of their current training and certification.
The Fire Department has a good "core" group of dedicated individuals. These individuals carry the extra load incurred by reduced membership without protest. Their hard work, dedication and service is highly commendable; without which we would have no Fire Department.

This year's report is dedicated to the active members of the Rindge Fire Department:

Deputy Chief Robert Lapointe, Capt. Steve Robblee, (Act.)Capt. Jon Flagg, Lt. Ken Whicker, Lt. Alex Asaff, FF/FR Joe Hannon, FF Ed Hoard, EMT/driver Larry Raymond, FF Jason Parks, FF Jason Antos, EMT Deb Douglas, Driver Larry Harris, FF Robert Faas, EMT Dale Norby, FF Julie Burgess, FF Bruce Macdonald, FF David Pugh.
